**John S Carpenter, MSW, LCSW**

Raised in Evansville, Indiana, as the son of a Methodist minister, John loved the nurturing home his parents provided, enhancing his interest in photography, music, poetry and writing.

He received a degree in psychology from DePauw University in Indiana, followed by Master in Psychiatric Social Work from Washington University in St. Louis. For the past thirty-seven years he has served Southwest Missouri in the field of psychiatry. While performing services, he also lectured and trained other healthcare professionals all over the US on various disorders and treatment.

He drifted away from the church until his beloved Ruthie gently introduced him to Catholicism in 2006. He became catholic in 2010 and became fascinated with documented alleged appearances of the Virgin Mary. He delved deeply into his research, going well beyond what most Catholics had been taught. By 2012, he was sending our free e-mail newsletters on Marian Apparitions. In 2013, he became the co-director of the Marian Association for the diocese of Springfield, Cape Girardeau. By 2014, he was serving as the president of the Bishop's Diocesan Pastoral Council as well as on the Parish Council of Our Lady of the Lake in Branson. He was invited to broadcast an on-going, weekly, international radio show, Journey with Mary, through the Internet. Today he continues to provide enthusiastic presentations on the evidence-based reality of God.
